TKS Students' Council for 2020-21

Dear Parents and Children – Greetings!

Leadership is one of the core skills that children learn and develop during their school years. To develop this skill and all related competences in children right since their school days, every year a leadership team of the students of school is constituted. This activity is aimed to develop students as aware, active, confident, more social, accountable and responsible citizens. They acquire and develop skills of leadership, communication, rational thinking, decision making, problem solving, planning and organizing. Leaders so developed become useful global citizen in future.

Despite adverse circumstances due to COVID led scenario, the school decided to execute the formation of Student Council of the school and for that, nominations were asked from interested students. After a rigorous process of assessment on various parameters, by the committee of 08 members, now we are in position to announce the new Students Council for 2020-2021. At present only the school prefects have been designated. If everything is alright in coming days and school reopen soon, then we will surely have house and class level prefects also.

Out of 160 students of class XI & XII, a total of 26 nominations were received, which were assessed on the bases of the parameters attached herewith. The list of selected prefects and their positions are also mentioned in the attached list.

The entire TKS family congratulate all budding leaders and wish them all the best luck for their activities.

The School is going to conduct an online/virtual "Investiture Ceremony" for selected prefects on 27/10/2020 at 11:30 am. Further details of the same shall be communicated later.

I hope you all would be keeping good health with all precautions pertaining to protection from Covid-infection.

Regards and Best wishes for the coming festive season!

Amit Trivedi
Principal
