

TIRATHBAI KALCHAND SCHOOL

25, Tatyā Sarwate Marg, Indore

August 27, 2020

Dear Parents, Warm Greetings to you and your family.

I hope you all are safe and healthy. By now all of us have learnt as how to cope up with unfavourable conditions caused by COVID-19 situation and we are keeping ourselves and our family safe and secured by following all precautions. Fortunately, now the administration has also permitted the planned unlocking of businesses and ventures, which is quite a big relief for people.

In this crucial time also, our children have been regular to the process of learning virtually through distant mode, and we have also tried our best to maintain regularity of uninterrupted learning of our students of all classes from Nursery to XII.

- You will be happy to note that more than 95 % students of our school [From Class Nursery to XII] are connected with teachers through WhatsApp groups and online classes. We are conducting regular teaching learning activities through video lessons recorded by our own teachers, online ZOOM classes and also by sharing study material on WhatsApp. You know, we shall always strive hard to maintain the regularity of learning of the students as it is. **It is said that – ‘We must never stop learning because the learning itself never stops.’**
- We have successfully conducted online tests for class IX to XII recently and later we are going to plan such tests for other classes also.
- Apart from teaching and learning, the school is regularly motivating students to participate in various online activities, competitions also. Many students participate and share their presentations with us, which we upload on our school’s Facebook page and YouTube channel.
- Many parents have also participated in some online activities conducted for them.
- Very recently, we are going to start Board registration for class IX & XI and Board Exam form submission for class X & XII for this year.

At this moment, I once again request you to proceed for the payment of fee of your ward if you have not deposited yet. Some of the parents have deposited the fee timely and we are very thankful for their cooperation. About school fee, you all must know that –

- Despite giving good quality education like big reputed schools, our school’s fee is very nominal.
- Looking at COVID-19 crisis, we have some relaxations in fee schedule and procedure this year. Following to the instructions of the Govt. for our students we have not increased any fee this year.
- The system of Late Fee has also been removed this year.
- The number of installments of fee has been increased from three to four. The school management has also approved to accept fee in more than four installments or on monthly basis; i.e. if you wish you can deposit fee month wise also. You have to write a letter of information to us if want to do so, for our record.

As you know in a private school, the fee deposited by parents is the only source of income. All expenditures including staff’s salary are settled by the students’ fee only. You are therefore requested to cooperate and proceed for the fee payment. Please ignore the message of fee payment if you have already paid the fee.

Requesting your cooperation and support,

With Regards

Amit Trivedi
Principal
