

Dear Students and Parents

Greetings to all!

It's a great feeling to share that we celebrated the 44th Raising Day (Foundation Day) of our school today, on July 01, 2021. The school has completed 43 successful years with your help and collaboration.

This year we planned to celebrate this special day as an opportunity of the plantation of 44 trees/plants in school, by the staff members. But, with the help of all we were able to plant about 50 plants. Our students were also asked to plant at least one plant/tree at their home. Remarkably, most of them participated wholeheartedly.

I extend my warm wishes and lots of heartfelt congratulations to all the stakeholders of the TKS family including dear children, their parents and other family members, all the members of TKS staff and the management on this special day.

Hope to celebrate it in a grand way next year,

Sincerely
with regards,

Amit Trivedi
Principal, TKS
